MAKING BETTER HEALTHCARE POSSIBLE

## PRODUCT DATA SHEET

### PROTECTIVE SMOCK WITH CUFF, YELLOW

### PRODUCT DESCRIPTION:

Protective smock, liquid-tight, non-sterile, with cuffs and ties at neck and waist. Protective smocks are used to reduce contamination of healthcare workers and patients in unsterile environments. The smock provides good mobility and fit during use. The material is soft, breathable and comfortable. The cuffs maintain elasticity during use. The sleeves are proportional to the smock size.
